## Thank You

I want to help people achieve their dreams, through world-class Apps and Websites, that enable them to increase their productivity, happiness, wellbeing.

## Professional Experience

### 2021 - present Indie App Developer

Journal Habit andynadal.com/journal-habit Achieving your dreams is hard work, with Journal Habit people can make the routine of their dreams a reality and write beautiful journals about it.

### 2020 - present Indie App Developer

Pro Ledger andynadal.com/pro-ledger I want to help people achieve financial stability, with Pro Ledger they can get world-class insights on their finances.

### 2018 Quality Control Intern

Nissan Dealership Aguascalientes, Mexico We work with every team at the company to improve and standardize process to ensure safety and quality.

## Education

### 2018 - 2022 Finance & Administration

Tecnologico de Monterrey Mexico City, Mexico I've learned about accounting, financial analysis, financial instruments, project valuation and sources of financing.

### 2017 - 2018 FIRST Robotics Team Leader

Tecnologico de Monterrey Aguascalientes, Mexico We worked to design, build and improve a robot to compete in the FIRST competition; teamwork and effective communication where the most important skills.
